High quality, cost effective PLD for 2024

Since 2012, Ako Aotearoa has been extremely proud to support tertiary and vocational educators, trainers and kaimahi (staff) in growing their teaching and learning capability through our successful range of workshops and courses.

We keep our PLD offerings at affordable prices because we believe all tertiary education organisations can benefit from the high-quality, cost effective and relevant teaching and learning content, delivered by knowledgeable, experienced facilitators.

In 2024, most workshops and courses across our General and Manako (Language, Literacy, Numeracy, and Cultural Capability) PLD programme are priced at \$150 + GST per person. This excludes the one-hour Manako PLD sessions, which remain at \$50 + GST per person.

Tailored PLD with staff groups (online, in-person, or blended delivery)

While our online delivery continues to be popular with staff from all areas of the sector, demand has increased for face-to-face events.

Not only are we well equipped to bring our PLD to your space, but we acknowledge that greater impact and benefits for organisations and individuals can be achieved if delivered in-person with larger groups of staff. This may include tailoring some content to more closely align with your organisation's capability development priorities.

Visit ako.ac.nz/inhousepld to browse our full list of professional development topics or contact us to discuss your needs in more detail.

Benefits of our PLD

Identified needs: We partner with experts to identify learning and development needs, and then create programmes to suit.

Manageable schedules: We schedule times to suit, and sessions are short to fit around busy work lives.

Accessible delivery: We deliver online or in-person to suit organisational needs.

Support diversity: Our workshops and courses support cultural diversity and capability building.

Build impact: We encourage participation across many organisations to enable the sharing of ideas and approaches that are known to work from our PLD.

Good value: We provide very good value with our affordable fees, and payment options.

Digital badges: We reward your new skills and knowledge with 'digital badges' or credentials. More at ako.ac.nz/digital-badges

Giving back: Our event and workshop ticketing service allocates its proceeds to educational projects in Aotearoa/ New Zealand.

What our participants say

We are heartened by the strong support from our PLD participants, and we are pleased that they continue to see the value of our offerings in their capability development.

Stats collated regarding the 2022 PLD Programme showed that 87.5% of survey respondents rated the quality of our workshops as 'high to very high', and 91.6% rated them as 'very valuable to extremely valuable.'
